### Other Indie Favorites

**Beneath the Sugar Sky, by Seanan McGuire (Tor.com, \$17.99)** “McGuire’s Wayward Children series is a lush faerie-tale world in the vein of Hans Christian Andersen and the Brothers Grimm. It is dark and lovely, vivid and painful, weird and subtle. *Beneath the Sugar Sky* reintroduces many characters we met in *Every Heart a Doorway* and takes us to new worlds in an exploration of friendship, family, and what is not possible when everything is possible. Rini exemplifies the lovely mix of what it means to be in that strange place between childhood belief and adult cynicism.” —**Jessica Cox, Plot Twist Bookstore, Ankeny, IA**

**The Widows of Malabar Hill, by Sujata Massey (Soho Crime, \$26.95)** “This is a harrowing story—and the mystery is great, too! Life for a single woman in Bombay in 1916 is fraught. But Perveen Mistry has the support of her lawyer father and is educated as a lawyer, as very few women are in this time and place. She becomes essential when the law firm needs to interview three widows living in full purdah, secluded from the world in general and men in particular. When their house agent is murdered, the male police are stymied by the women’s inaccessibility. The backstory is disturbing in how the law favored even abusive men over women. A fascinating start to a new series.” —**Lisa Wright, Oblong Books and Music, Millerton, NY**
