Other Indie Favorites

Waiting for Eden: A Novel, by Elliot Ackerman (Knopf, \$22.95) "I was completely captivated by this intensely emotional yet compact novel. Both of Ackerman's previous novels were acclaimed by readers and critics alike, but *Waiting for Eden* proves something more. In less than 200 pages, the intersecting lives of three people and the consequences of their choices are revealed in an astounding manner. It's a love story, a ghost story, a horror story, a war story, and, ultimately, a testament to the resilience of the human spirit. I don't want to tell you much more as I don't want to spoil it, but I urge you to read this powerful and important work of literature." —**Cody Morrison, Square Books, Oxford, MS**

1,000 Books to Read Before You Die: A Life-Changing List, by James Mustich (Workman Publishing, \$35) "Irresistible! A book about books! What a joy to read a thoughtfully compiled list of the 1,000 books James Mustich thought most important. Many of my favorites are found among the pages, along with new suggestions to investigate. It is great fun to read about Mustich's impressions of some of my favorites, such as works by Charles Dickens, Edward Abbey, Henry James, and Anne Tyler. With so many books to choose from, you will surely find some new treasure to enjoy or be reminded of an old pleasure to revisit." —**Deon Stonehouse, Sunriver Books & Music, Sunriver, OR**
